

To Constable Burton Reading Room
Committee and all who
contributed, to the seat in
memory of my late husband Keith
Loadman.

Thankyou for all the thought
that went into its' making.

The village had been part of
Keiths' life since he was born on
"Unthank Farm".

From the Chapel to the School
and Village Hall and later the cricket
green at the Hall when he played
in the village team, which began

2/

his life long love of cricket.

The seat is a very fitting
memorial to the many years
he spent on various committees
and the Parish Council on
which he was very happy
to serve.

After we moved he always
looked foreward to returning
and helping at a village event.

Yours very sincerely
and in my husbands' memory,
Judi Loadman.
